Message from the Organizing Committee

We are delighted to announce that the International Symposium on Earth Science and Technology 2011 will be held from 6-7 December 2011 in Inamori Foundation Memorial Hall, Kyushu University, Fukuoka, Japan. This is an international symposium, presenting the most current sciences and technologies from around the world, with a special focus on scientific, technical and environmental issues that challenge the earth resources developments. Topics of major interest are listed below.

- | | |
|--|---|
| 1) Economic Geology & Geological Engineering | 2) Geophysics & Monitoring System |
| 3) Underground Water Resources | 4) Environmental Geology & Rehabilitation |
| 5) Development & Production of Mineral Resources | 6) Production of Energy Resources |
| 7) Numerical Simulation of Resources & Environment | 8) Mechanized, Automation & Intelligent Mining |
| 9) Geomechanics & Rock Mechanics | 10) Mineral Processing, Waste Management & Recycling |
| 11) GIS Applications | 12) Sustainability of Resources & Environment |
| 13) Global Environmental Protection Technology | 14) International Cooperation in Education & Research |

We invite you and your colleagues to submit paper proposals to be considered for the symposium. Especially young researchers are welcomed, since the best paper awards are established to encourage the young researchers contributing to the area of earth resources and environment.

The deadline for submitting abstracts is July 29, 2011. **Please submit your paper proposal including a paper title, authors, an e-mail address of a corresponding author, and an abstract (200 words) electronically to the E-mail of the symposium secretariat below.**

Thank you in advance for your contribution to the success of this symposium. We sincerely look forward to seeing you in Fukuoka!
